

**VACUFLO®** eliminates 100% of vacuumed dirt, dust and allergens from your home.

VACUFLO Central Vacuum Systems feature Cyclonic Filtration Technology® (CFT™), a unique filtration method that ensures maximum vacuum power. Unlike central vacuum systems that rely on permanent cloth filters, the powerful cleaning performance of VACUFLO will not decrease as dirt accumulates.

It's a healthy way of life: No bags or filters means no dust or vacuum odors. Just plug the hose into the nearest inlet, and you're on your way to a cleaner home. Dirt is swept through a network of tubing and deposited into the transparent, removable dirt canister. It's easy to see when it needs emptied. Fine dust particles and exhaust odors are vented outdoors.

## The VACUFLO Cyclonic Difference

Results from independent testing conducted by Intertek Testing Service, NA, Inc. in Cortland, NY.  
\*Includes GORE-TEX®, Teflon® or other treated fabrics.

**The powerful performance of the VACUFLO system does not decrease as dirt accumulates in the dirt canister.**

Sustained Cleaning Power is the ability to maintain Maximum Cleaning Power over time. The very first time you vacuum with a traditional system that has a bag or filter, there will be a measurable decrease in suction power and airflow as dirt and dust begin to accumulate. The powerful VACUFLO system keeps working – even as dirt collects in the dirt canister.

VACUFLO True Cyclonic Power Units provide Sustained Cleaning Power by separating dirt from the airflow--without bags or filters. In fact, 96-98% of all dirt swept into the system is deposited into the clear dirt canister. The remaining fine dust particles are exhausted outside.

# Whole-House Cleaning System

for Healthier, Cleaner Living

## Your home comes standard with:

**VACUFLO**  
power units offer quiet, high-performance vacuum power.

### Electroglide Cleaning Kit

## What Consumers are Saying About VACUFLO Central Vacuum Systems:

"The VACUFLO® system is the best vacuum system that we have ever owned."

- Lawrenceburg, TN

"Exceeded all our expectations. We love the system and are glad we went with your product."

- Vancouver, WA

"A superior product. We previously had a Nutone Built-In Vacuum System in two different homes and prefer the VACUFLO."

- Clackamas, OR

"This is our second VACUFLO system in a new home. Our first one never failed us."

- Kimberly, Ontario

"Better than the Beam and my Shop Vac."

- Danville, CA

"We love it! It's everything you said it would be. Easy, lightweight. It's wonderful!"

- Suamico, WI

"Great suction! I tell everyone this vacuum is the best thing that ever happened to me in the cleaning department."

- Santaquin, UT

"Everything we expected and more."

- Quincy, IL

"Excellent cleaning power, very user-friendly and convenient."

- Easton, PA

"I love it! I tell everyone I can about it. I should be on your payroll!"

-Thomasboro, IL

"It's one of the few products I've told my friends about. In fact, it's the only appliance I ever showed off."

- Fair Oaks, CA

"I'd give up my dishwasher before I'd give up the central vac."

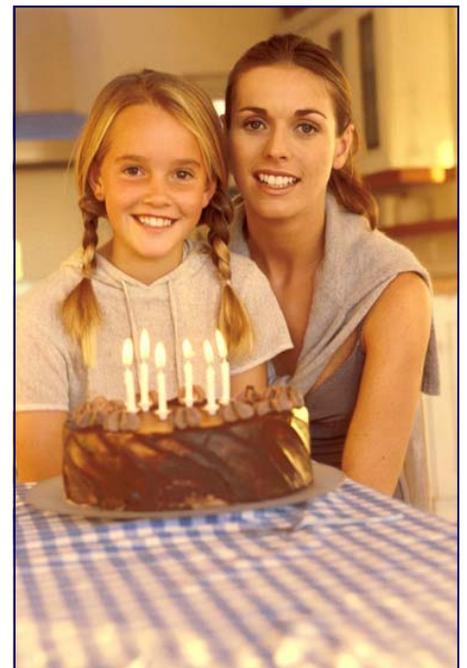

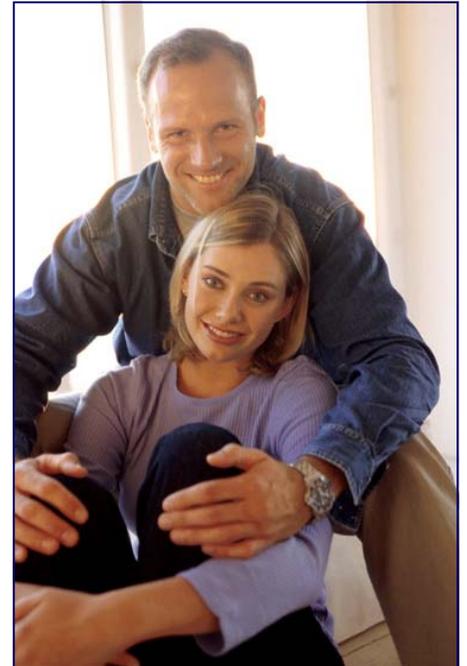

- DePere, WI

"My wife calls it "The Dream Machine."

- Puyallup, WA

"Wonderful system for my allergies. I feel like my home is healthier."

- Munroe Falls, OH

## **VACUFLO System Limited Lifetime Warranty**

VACUFLO is committed to guaranteed satisfaction on installation and equipment. The VACUFLO Limited Lifetime Warranty provides the best protection in the industry.

All permanently installed components of the VACUFLO Built-In Central Vacuum System are warranted to be free from defect in material and workmanship under normal use and care as long as the original consumer purchaser owns the home of original installation or until the system is removed from its original installation, whichever occurs first.

### ***True Cyclonic Power Units***

In the event of a defect in permanently installed components of the VACUFLO System, an authorized VACUFLO dealer should be contacted. The dealer will repair or replace (at our option) any defective part or parts at your location at no labor cost **for a period of three (3) years**. Thereafter, repaired or replacement (at our option) part or parts will be provided to you for any items under warranty.

### ***Accessories***

All VACUFLO accessories are warranted to be free from defects in material and workmanship under normal use and care for **three (3) years** from date of original consumer purchase. In the event of a defect in a VACUFLO accessory, the accessory will be repaired or replaced (at our option) at an authorized VACUFLO dealer location at no labor cost for **three (3) years**. There is no warranty for consumable items such as light bulbs, belts, and beater brushes.
