All Shadow Valley Resale Homes included in the Multiple Listing Service (MLS) are now included on www.shadowvalleyinfo.com under the heading of Resale Homes without any action required by the Homeowner or Realtor.

All Homeowners listing their homes for sale should encourage Realtors to use the Welcome Center and other SVCC facilities just as they do for new homes.

A summary of Resale Home Sales since January 1, 2007 is updated regularly and made available to Appraisers and Realtors via the Realtor section of www.shadowvalleyinfo.com. This information can be obtained by Homeowners from the Welcome Center in hard copy form or via email.

SV COVENANTS, CONDITIONS & RESTRICTIONS (CCRs)

OBSERVE THE TRAFFIC RULES:

CHILDREN'S ACTIVITY CENTER (CAC)

The Children's Activity Center (CAC) is a great asset to SVCC which allows so many kids to enjoy the great atmosphere and numerous activities while the parents take advantage of what they want to do throughout the rest of the club.

In order to make the CAC experience the best possible for all involved, your help and cooperation is expected.

- Please allow enough time to sign all kids in and inform us of anything we should be aware of relative to your child.
- Please DO NOT bring in any sick children (if they have a fever or otherwise ill, you will be contacted to pick them up).
- Make sure children in diapers are "changed" prior to entering the CAC and provide additional diapers in their bag.
- Leave "personal" toys or other such items at home.

Please keep in mind the CAC is a service provided for our members. Those who choose not to follow the rules WON'T be allowed to use the service.

CHEF'S CORNER

I have decided to step down from the Executive Chef position and am very excited to pursue my interest in the hotel/resort field.

I want to thank every club member and the staff members that have embraced me as family. It's been a true honor to serve this community since 2005 when I came in with Chef Jeremy from Key West. My focus was to create and give our members the best quality food in Northwest Arkansas. I hope we lived up to your expectations. As I took over the Executive Chef role I tried to create a more down to earth cuisine and truly give great quality to all who dined in the Overlook. I think we really succeeded in the growth of our brunches and special events.

Lacey is a wonderful addition to the team and is ready to raise the bar to even greater heights. It's been a pleasure to work with her.

Thank you from the bottom of my heart for the great memories watching families grow and the happiness I could see in your faces.

It's been a true honor to serve you!

TEE TO GREEN FROM THE COURSE WHISPERER

For a little stretch there, I thought I was still living in Minnesota. The second week of February, when we received 22" of snow and then had record breaking cold temperatures (-17 degrees)!

Our GC Maintenance Crew was progressing nicely with the leveling of drainage and water line ditches in the fairways and removing sand from the bunkers on holes 1 thru 3 when this inclement weather settled over our area. We are now going to stop the removal of the old sand and concentrate on finishing the seven bunkers we previously started. The scope of work that we have left to do is to fill in the bottoms of these bunkers with soil, dig in new drain lines, cover those drain lines with gravel, install the bunker mat and then add new white sand. Hopefully, we can catch a number of dry days in the near future so that we can complete a couple of these tasks.

During the inclement weather in February the golf course maintenance crew was busy sanding and applying ice melt to the streets after the snow plow came through the development. The clubhouse parking lot was another area that kept the crew busy as we tried to have the parking lot cleared of snow and ice as fast as possible so that the members could get into the clubhouse safely.

I was really glad to see the snow melt off so quickly. It seems unheard of to have had nearly a 90 degree swing in temperatures in such a short period of time. With 70 degree temperatures and 15-20 mph winds the golf course dried out quickly. It was fantastic to see the crew out mowing greens, changing cups and we even fertilized the greens.

The following are a list of projects that we are currently working on:

- Finish making our pre and post emergent herbicide applications to the warm season turfgrass
- Continue with the bunker project
- Finish cutting down the last 7 dead trees around the golf course
- We have greens aerification scheduled for March 21st & 22nd.
- Fill in the right side fairway bunker on #17

Once again I would like to thank all the parents for explaining to your children that the golf course is not the place to sled. As always, I encourage you to contact me if you have any questions or comments about what is happening on the course.

2011 EQUIPMENT

TITLEIST PRO-V1 / PRO-V1x

Titleist has re-engineered the Pro-V1 and the Pro-V1x for 2011. The difference between the two types has increased compared to what we have seen in the past. Now the Pro-V1 (gold box) has increased the spin rate for those looking to get some help holding approach shots, whereas the Pro-V1x has a lower spin rate and should help you gain a few yards off the tee. Both types have been created with a more durable cover to last longer during your round.

If you prefer to play the prior generation Pro-V1, have no fear as we still have several dozens to sell. We have even marked them down to allow for more room for the 2011 version! Don't delay because once they are gone we will only carry the 2011 product.

Stop by the Golf Shop to see all the new equipment!
